

Enriching New Mexico communities with functional sustainable designs

Job Title: Architectural Project Manager

Company Overview: Founded in 1984, [Studio Southwest Architects](#) is a staple in New Mexico's sustainable building ecosystem and contributed to award-winning projects including educational facilities, historic restoration, and public and private LEED-certified buildings ([check out our portfolio](#)). Our team of ~35 members work collaboratively on projects from inception to completion, contributing to a sense of ownership and expertise in their respective domains. We actively promote cross-disciplinary exposure to various project types, fostering a diverse skill set and a holistic understanding of the architectural process.

Responsibilities:

- Lead a collaborative team on all phases of the project, from conceptual design to construction administration
- Manage, supervise, and mentor project team
- Develop and foster client relationships
- Conduct site visits to ensure compliance
- Produce high-quality design and construction documents
- Demonstrate a commitment to sustainable design principles

Qualifications and preferred skills:

- Master's degree or Bachelor's degree from NAAB-accredited school
- Licensed architect
- 7+ years' of related experience
- Revit, AutoCAD, Microsoft Office, Adobe Creative Suite

Why Work for Studio Southwest Architects:

- We offer a competitive salary, vacation/holidays, health and retirement benefits and work/life balance
- We foster a company culture where individuals feel valued, respected, and have unlimited growth potential
- Our company values focus on respect, sustainability, design excellence, growth mindset, and teamwork
- We offer a hybrid work environment and we have an office dog!
